

Bubble Inflator

Instruction Sheet

Inflator Hook-Up

1. Firmly hand tighten inflator to the cylinder valve by turning the handwheel clockwise. Do not use a wrench.
2. Slowly open the cylinder valve. Cylinder pressure locks inflator in place leak-free.
3. Feed ribbon through guide hole.

Inflator Removal

1. Close cylinder valve firmly.
2. Release pressure by pushing down on the push valve or by tilting the tilt valve outlet.
3. Unscrew hand-tight connection and remove inflator from cylinder.

Inflating Latex Balloons

Push Valve Models

1. Place the balloon over the Latex Balloon Outlet and press downward.
2. When balloon has reached the desired size, remove it from the outlet. Tie balloon using Conwin's Balloon Tying Discs. See other side for instructions.

Tilt Valve Models

1. Place the latex balloon over the tapered flex-tip outlet and tilt valve to inflate balloon.
2. When balloon has reached desired size, remove it from the outlet. Tie balloon using Conwin's balloon tying discs. See other side for instructions.

Push Valve Extension Tip

Push Valve Extension Tip presses into Push Valve and allows user to inflate valved latex balloons, 5-inch latex and entertainer balloons. Remove the outlet when inflating 9-inch and larger latex balloons.

Inflating Foil Balloons

1. Slide the tapered filling outlet into neck of the foil balloon and press upward.
2. When the foil balloon has reached the proper size and pressure, the inflator will automatically shut off the flow of helium. The foil outlet will work on all size and shape foil balloons.

Inflating Bubble Balloons

1. Slide the tapered filling outlet into the neck of the Bubble balloon and press upward.

2. While holding the filling outlet, push and hold down the Bubble Button.

When the seam of the Bubble balloon is wrinkle-free the inflator will automatically shut off and the Bubble balloon will be properly inflated.

Conwin Balloon Tying Discs The Fast and Easy Way to Tie Latex Balloons!

Discs available in convenient 100 packs and 1000 packs from your Conwin distributor.

1 Stretch the balloon and ribbon around the post.

2 Slide the disc over the neck of the balloon.

3 For a finishing touch, curl the ends of the ribbons.
