Introducing the Premium Dual-Air® II for high-speed inflation of one or two latex, or foil, balloons at once. This great new machine can be activated two different ways:

1. **Push down the red button behind the right nozzle.**
2. **Or, simply use the red On/Off button for continuous activation.**

### OPERATING INSTRUCTIONS

1. Place your Dual-Air® II on a flat, level, and dry surface.
2. When using your Dual-Air® II, momentary use will occur when you depress the red button behind the right-side nozzle.
3. For continuous operation, simply depress the red On/Off button.
4. The Dual-Air® II comes with a set of three reducers, in addition to the standard inflation nozzles on the Dual-Air® II which are intended to inflate two 11-inch or 28cm Latex balloons – or larger Latex balloons - at once.
5. For Latex balloons, 9-inches or 22cm, use the small reducer.
6. For Latex balloons smaller than 9-inches or 22cm, use the smallest reducer.
7. For Foil Balloons, use the angled Cool Aire® Nozzle.
8. If you only want to inflate one balloon, place it over the right nozzle and depress it, which turns the machine on momentarily, while the nozzle is depressed.

### SAFETY INSTRUCTIONS

1. **When** you operate the Dual-Air® II for more than 30-minutes at once, press down the right nozzle-activated switch to allow it to run for a while to radiate any heat inside the case, **OR** simply turn it off for a short time.
2. **WARNING** – To prevent fire or shock **DO NOT** expose to water or moisture.
3. **WARNING** – **DO NOT** place hands face, or any objects over the nozzles discharging air and do not obstruct the nozzles in any way.
4. **WARNING** – Always unplug the machine from the wall when not in use.
5. **WARNING** – **DO NOT** operate unit with a damaged cord or plug.
6. **WARNING** – Make sure the power cord is situated so it will not be stepped on, tripped over, or subject to damage or stress.

**Premium Balloon Accessories® (PBA)**  
**Premium Dual-Air® II Registration Information**

- **Protect your product:** PBA will keep the serial number, date of purchase, Dual-Air® II model and the PBA Distributor where you purchased your Dual-Air® II on file for you to refer to this information if necessary.

**Premium Balloon Accessories® (PBA)**  
**One (1) Year Conditional Warranty**  
(Subject to proper, intended use)

This product, manufactured under Exclusive License for Premium Balloon Accessories®, is warranted against defects in material and workmanship for one year following the date of purchase if operated in accordance with PBA's printed recommendations and instructions. This warranty does not cover any defects or damages caused by service or repair performed by unauthorized personnel.

PBA SHALL NOT IN ANY EVENT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND, WHETHER FOR BREACH OF WARRANTY OR ANY OTHER REASON.

If this product is defective in any way during the applicable warranty period, visit [www.premiumballoon.com](http://www.premiumballoon.com) and double click the Inflator Warranty option and view PBA's trouble shooting tips. If this, however, does not resolve the problem complete the online service request information form to receive a **Return Authorization Number**. If you do not have internet access contact PBA in the U.S.A. at +1-330-239-4547 or fax to +1-330-239-4488. To receive your Return Authorization Number please, have the following information ready when contacting PBA.

- **Date of Purchase**
- **Name of PBA Distributor where product was purchased**
- **Dual-Air® II model and serial number**
- **Exact details of product problem**

**IMPORTANT: All products returned to PBA without a Return Authorization Number will not be accepted at time of delivery.**
